

Pam Foster Speka – 2024

So glad to be back home with family and friends I have grown up with here. I am still working full-time as a Property Manager at a senior, low-income property at Big Thompson Manor in Loveland! A beautiful place with 120 seniors to serve located near the Chilson Senior Center and Loveland Library - a perfect location. After 22 years in California, it is good to be home! Also serving on the Mayor's Senior Advisory Board regarding needs for seniors in this area. Active with our Loveland High School project the Veterans Honor Monument to honor our school veterans, and provide a place of remembrance for all conflicts throughout our history. As President of the Navy League Contra Costa Council in California, I travel back and forth often and also get to spend time with my kids!
